### Mobile Cart Information

As part of the new contract, Penn Waste will be distributing mobile carts to basic service customers in Conewago Township for Trash service. Mobile carts for recycling have already been distributed in the past. If you are in need of a mobile cart for recycling please contact Penn Waste customer service at 717-767-4456. Mobile cart delivery for trash service is scheduled to begin the last week of November, 2022. You may begin utilizing your mobile cart once it is received.

◆ **Basic Service:** Customers will receive one (1) 96 gallon mobile cart for trash service. All material should fit in the provided mobile cart. If you are in need of excess trash service, extra service bags may be purchased from Penn Waste for \$15.00 per bag.

Penn Waste will be collecting the residents of Conewago Township with an automated side load truck. The utilization of the mobile cart is strongly encouraged. By utilizing the mobile cart, our crews will be able to provide the residents with the most efficient collection for the best price. The mobile carts also reduce the amount of litter and pests within the township.

#### Mobile Cart Placement

Please be advised that all mobile carts should be placed behind the curb. There should be nothing placed in the roadway that would impede or delay the removal of snow or ice from the road. The garbage truck arm has the capability to reach past the curb in order to pick up your cans. Here are some tips to ensure a smooth collection process:

- ◆ Set mobile cart out by 6:00 AM.
- ◆ Place mobile cart with the lid handle and wheels pointing toward your residence.
- ◆ Do not place cart in the roadway.
- ◆ Do not block walkways with carts.
- ◆ Place carts at least THREE FEET APART from each other and mailboxes, fire hydrants, low hanging trees or shrubs, parked cars, or utility poles - so trucks can easily access the cart.
